MINUTES OF THE L.C.R.C.C MEETING OF AUGUST 4, 2005

Meeting called to order at 7:18 pm.

Steve Yeaton gave the treasurer's report. The beginning balance was \$4130.33, ending balance is \$4048.14

Bill Braun was not available for the field officer's report. The field probably doesn't require mowing, but needs some attention with the weed eater.

Dick Hultz gave the safety officer's report. People are setting up tents on the east west runway. There is no club or forest preserve rule against it, but it's an obvious safety hazard. We will grow a buffer zone to discourage this activity. We also need to encourage people to stand on the flight stations when flying. We have a meeting with the forest preserve to try to get a rule posted requiring use of the flight stations.

Old business

The gate at the flying site will be open all day Saturday August 6th for the open house.

Fliers were sent to everyone who has been a member during the last two years. Hopefully this will stir some interest in the club. If the event is successful, we will consider more open houses.

There is a new windsock installed at the field.

New Business

30% increase in club turn out from the July meeting

The gang box is painted and ready to be placed at the field. Instructor nights can begin once the box is installed.

The Waukegan Air Show is September 10th. There will be a static display. Contact Gary Allen at 847-872-0000 for more information.

The Sky Knights have rescheduled their picnic because it collided with the open house.

The gate at the flying field is suppose to be closed at all times. It only has to be locked when the last person leaves. We can discuss getting that rule changed.

One new member, Sam Brown, was present.

The August 6th open house had a good turn out. It was good to see so many show up. Judy Ehnert brought Rich Ehnert out too. I brought out a new "Slomotion" to check out the engine. I thought it wise not to try to fly since I haven't since last year, didn't want to panic the members. I will have to come out and maybe have someone take it up and trim it out before I take the stick.

I'm looking forward to the Air Show on September 10th. Hope to see you all there.

The news letters have been very short of news. I'm always looking for you members to give me something to print.

Joe Podraza

TREASURERS REPORT FOR AUGUST 2005
