MINUTES OF THE L.C.R.C.C MEETING OF DECEMBER 2005

Meeting called to order at 7:16 pm. The minutes were accepted as written in the Fly paper.

Steve Yeaton gave the treasurer's report. The beginning balance was \$3768.89, ending balance is \$3391.66. Sending newsletters out via email is saving considerable money. Steve Yeaton gave the field officer's report.

The battery has been removed from the tractor and the tractor was covered. Keith Bradley retrieved the umbrellas. The BBQ will be stored by the tractor for the winter.

Dick Hultz gave the safety officer's report. Not much to report. When it's cold, there's very little flying and very few safety related incidents.

Old business

A special thanks to Buzz for the banquet last month.

New Business

' Bill Weston isn't eligible to run for secretary due to the by-laws limiting an officer holder to two consecutive terms. Bill Lewis volunteered to be secretary for 2006.

The elections were held and the results were unanimous. The new officers for 2006 will be: Events Director Keith Storrs Field Director Bill Braun Secretary Bill Lewis President Keith Bradley

Steve Yaeton brought up the discussion on AMA Associate members. Associate members are members who want to join an AMA sanctioned club, but don't want to fly. Our club by-laws would have to be amended to allow them to join.

No special event will be held on January 1st. It looks like we will have snow, so the field might not be accessible. If any members have 4X4 vehicles and would like to meet at the field on January 1st, they are encouraged to do so. Your 2005 forest preserve permits will have expired. Since the 2006 permits most likely won't be available, it's unclear if the rangers will be enforcing the rule. There have no complaints concerning noise at the field.

We are hoping that we can get the forest preserve rules changed for next year to force fliers to stand at a designated flight station.

This is the season for indoor flying. Interested members can contact Venture Hobbies or His and Her Hobbies to get information on hours and locations of indoor flying sites.
