**MINUTES OF THE L.C.R.C.C MEETING OF OCTOBER 6, 2005**

**TREASURERS REPORT FOR  
OCTOBER 2005**

Meeting called to order at 7:16 pm.  
The minutes were accepted as written in the Fly paper.  
Steve Yeaton gave the treasurer's report. The beginning balance was \$4076.04 and ending balance is \$3837.35.  
Bill Braun gave the field officer's report. The grass is green and growing and was rolled twice. We have grass seed to oversee the area around the pits this fall.  
It was discussed whether or not to fill in the swale with top soil. The cost couldn't be justified at this time.  
Dick Hultz wasn't available for the safety officer's report. A man was injured when he lost his balance while holding onto a motorized with the propeller spinning. He received a serious cut to his forehead.

There was also a bad accident at the Racine club involving a helicopter at the Racine field. A man was hit in the face with the rotor. NO one was permanently injured, but please be careful.  
Keith Storrs wasn't present, but October 8th is a club picninc. The food will be available around 11. \$200 worth raffle prizes was purchased and fliers were sent to hobby shops.

Old business  
The flying stands from the old field have been placed at the new field. There is still one stand at the Racine field that needs to be recovered.

All the club's items that were being stored in the pole barn have been removed.

Keith Bradley has placed a large box at the new field to store training boxes and tractor supplies. Pad locks with keys will be placed on the box.

The club banquet will be November 6th at 5pm at the fireside restaurant in Kenosha. The available entrees are baked cod, homemade lasagna, roasted chicken, and 5.5 ounce steak, Members interested in attending should pay Buzz Patricka no later then the next meeting.

**New Business**

Tracy Jackson has contacted several local park districts and will deliver a letter from the club to be placed in their newsletter. Hopefully this will bring in more perspective members.

We have asked the forest preserve to allow us to place some signage around the field so we can say this field is sponsored by our club. The forest preserve is writing a contract to allow the signs.

Keith Bradley shared a story about a biplane with a 100cc engine that lasted one flight. The flight timer wasn't set and the engine ran out of gas. Despite having the wings and fuselage destroyed, the plane still looked great.

Two perspective members were present.

Next month is Officer nominations.
