MINUTES of the L.C.R.C.C. MEETING December 7, 2006

The meeting was called to order by Keith Bradley OLD BUSINESS
in the basement of Corky's.

TREASURER'S REPORT

Steve Yeaton gave the Treasurer's Report. Don't forget that Steve is now accepting the membership dues for 2007. Of course you need your 2007 AMA card first.

FIELD OFFICER'S REPORT

Bill Brown said the ground has been broken for the new shed. Unfortunately the day after the ground breaking the blizzard hit and no more work had been done up to this point.

SAFETY OFFICER'S REPORT

Dick Hultz's safety report is in under "New Business" because of the discussion of the flying pattern and flight station placement.

EVENTS DIRECTOR

Keith Storrs could not make it to the meeting. Mike Taylor said that he would like to work with Keith on 1 or 2 events for the 2007 year. He discussed some of his ideas with the membership at the meeting.

There was no word on a club dinner from Buzz. Keith Bradley and Dick Hultz had a breakfast meeting with the scout directors to discuss the possibility of the club having a program to help the scouts fly R/C trainer planes at the field on Saturday mornings for a couple of hours total. The thought so far is to have about 20 scouts get to see the planes on a setting on a table and have an instructor explain what the R/C planes actually are and the components and what the servos do, etc. Then in the final stage the scouts would actually get to fly a trainer on a buddy box for 8 to 10 minutes. This is still very much in the discussion stage and if anyone has any thoughts or would be able to assist in the program, please make it known to us.

NEW BUSINESS

***** SPECIAL NOTE *****

Dave Harrington has volunteered to run the raffles for the club for 2007 also. There have been complaints of “near misses” at the field due to the intersecting north-south/east-west grass fields and no designated flying pattern. It was discussed and many ideas thrown around. Before the close of the meeting it was generally agreed that the north-south field would be used for all flying. In the east-west field one flight station will be placed toward the west end of the field. This station will be used for helicopter hover practice only. There will be no taking off or landing or flying over the east-west grass field at all. Steve Yeaton has volunteered to write up verbiage to that effect which will be voted on at the January meeting. If you have any thoughts or squawks now is the time to be heard. Don't complain after a club vote has taken place and it has been posted by the forest preserve.

NEW MEMBERS ATTENDING THE MEETING

LCRCC welcomes Wayne Spencer from Wildwood to the club.

SHOW AND TELL

Rob brought in a helicopter for show and tell. He did a good job of explaining some of the differences in the construction and the different blades available. Rob has brought several items for the show and tell of interest and we all appreciate his efforts in doing so.
THANKS ROB!!!

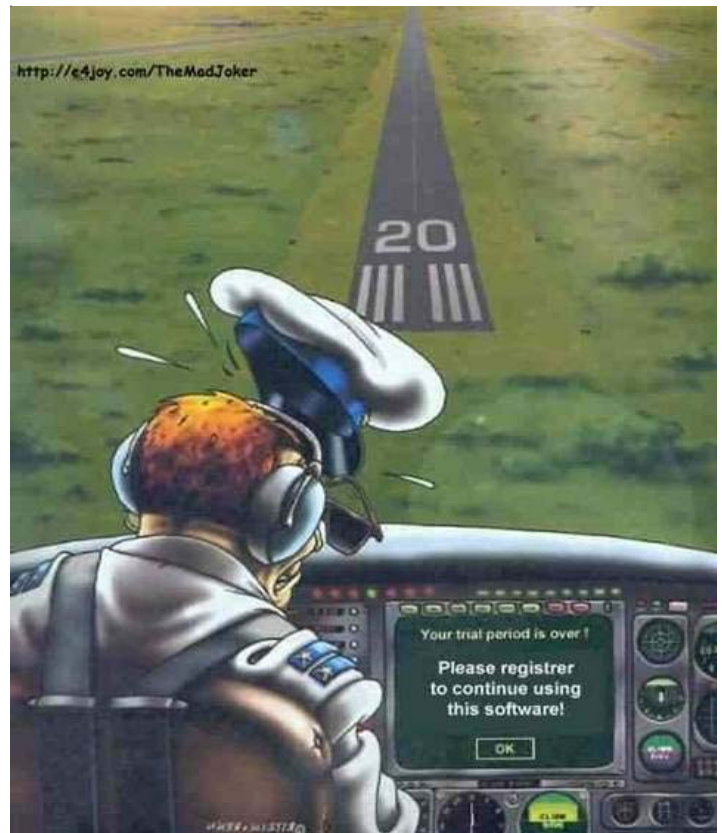

CLOSING

Keith Bradley closed the December meeting.
Recording Secretary Bill Lewis

Renew your AMA now!

Members report that it is taking about 3 weeks to get your new card.

Remember, club renewals accepted after the March meeting add \$20.

Renewal Hint!

Copies of the Membership Application and Renewal Form are attached with your e-mailed FlyPaper and are also available on the web site. One way to expedite your membership renewal would be to bring a completed form (Shaded fields only, for returning members) to a meeting. I will begin accepting renewals at the Dec. meeting if you have your new AMA card. Please remember if you're mailing it in to include the Self-Addressed, Stamped Envelope

Compliments of our old friend Ron Berreth
