Member Alert! Election of club officers at the December meeting! Who do you want to serve the club? Any volunteers?

MINUTES of the L.C.R.C.C. MEETING November 2, 2006

The meeting was called to order by Keith Bradley.
The meeting was held in the basement of Corky's.

TREASURER'S REPORT

Steve Yeaton gave the Treasurer's Report. He will also be accepting membership dues for the year 2007 if you have your new AMA cards. Steve said that the membership has been slowly rising. As of this meeting there were 76 paying members, 1 honorary member, and 5 family members for a total of 82 members.

FIELD OFFICER'S REPORT

Bill Brown said the field looks pretty good and will try to cut the grass one more time before winter sets in. The large dip that was toward the north end of the field has now been filled in. Chris Josephson donated well over 100 yards of dirt and had it trucked in and he even had a bobcat there to grade the soil. Grass seed has already been put down over the new "patch" and it should be up and green in the spring of 2007. The club would like to thank Chris for his donation and the help in bettering the flying field.

"THANKS CHRIS"

SAFETY OFFICER'S REPORT

Dick Hultz said that the new "rules of flying" for the field have not yet been posted by the forest preserve. Many people are unaware of the "rules" and this is a matter of concern. Dick wants to remind everyone that flying over the scout area is "out of bounds".

EVENTS DIRECTOR

Keith Storrs said that all of the events for this year have been completed.

OLD BUSINESS

The club is still waiting for the forest preserve to begin construction of the new shed for the tractor. From what has been learned the forest preserve is just waiting for the building permit.

Buzz is going to work on getting a club dinner for sometime in February or March.

The club would also like to thank Bud for getting the two signs made for the field. One of these signs is for the back of the tractor and the other will be hung across the entrance by the frequency board notifying people about the club and also not to fly while the grass is being maintained.

NEW BUSINESS

***** SPECIAL NOTE *****

**NOMINATIONS FOR CLUB OFFICERS WAS
OPENED BY THE CLUB PRESIDENT**

Nomination for club officers so far are:

President	Keith Bradley
VP -Safety Officer	Dick Hultz
Treasurer	Steve Yeaton
Field Director	Bill Brown
Events Director	Keith Storrs
Secretary	Bill Lewis

If you or anyone you know would like to run for any of these offices please attend the December meeting so you/he/she can be nominated. Any volunteers or any nominees would be appreciated.

Winter is setting in and several members are discussing flying in the "domes" or school gyms. Keith Bradley went to a forest preserve board meeting to thank them in person for all they have done for us. This is to hopefully help keep the good ongoing relationship with the forest preserve.

The club is working on getting together some sort of a program to work with the boy scouts. The idea is to get some of the scouts together with our flight instructors to teach them something about flying the RC planes and about flight in general and also give them some flight time on the buddy box. At the end of the session perhaps we can give them a certificate from the club. The scout masters sound like they like the idea because there are requirements on aviation in the scouting manuals. This is all being worked on and no final decisions have been made as yet.

Renew your AMA now!

Members report that it is taking about 3 weeks to get your new card.

Remember, club renewals accepted after the March meeting add \$20.

Renewal Hint!

Copies of the Membership Application and Renewal Form are attached with your e-mailed FlyPaper and are also available on the web site. One way to expedite your membership renewal would be to bring a completed form (Shaded fields only, for returning members) to a meeting. I will begin accepting renewals at the Dec. meeting if you have your new AMA card.

No new pictures this month so here's a few from the archives!
