AMA CHARTER CLUB #777

lcrccoffice@db3broadband.com

Minutes for LCRCC Meeting August 2, 2007

The meeting was opened by Keith Bradley in the basement of Corky's at approximately 7:15 pm.

Field Officer Report

Bill Brown says the grass is crunchy; some rain would certainly help bring it back from the brown color. There is also some clover growing in the field which he is going to spray with Roundup. Bill will be purchasing a small hand held spreader so he can spread grass seed. The tractor still has a wheel seal problem which is being watched.

The large roller that is pulled behind the tractor has a little problem. It seems like whenever Bill detaches it from the tractor, it tries to roll though the back of the new garage. Since the club does not want to replace the back wall on the tractor shed, he will be installing a bumper so it does not try to "run away".

Safety Officer Report

We had an incident where a club member was flying out of the authorized flying area. A ranger came to the field and mentioned that neighbors by the field complained about the noise. There are too many flying fields being lost because of neighbors complaining. We don't want this to happen to us.

PLEASE, MEMBERS SHOULD FAMILIARIZE THEMSELVES WITH THE AUTHORIZED FLYING AREA OUTLINED ON THE RULE BOARD. IF ANYONE IS SEEN FLYING OUT OF BOUNDS, EVEN IF NOT A CLUB MEMBER, THEY SHOULD BE MADE AWARE OF THE FLYING AREA DETAILED IN THE GRAPHIC.

Dick Hultz would like to remind everyone that flies gas planes to make sure they have a fire extinguisher readily handy which is mandatory in the AMA rules.

Treasurer's Report

Steve Yeaton gave the treasurer's report which is posted in the FlyPaper.

Events Director

Don't forget the club picnic on August 12th. The club is going to have free food and soda and water around noontime. There will also be raffle tickets for sale for the men and free raffle tickets for the women. For the men there will be several great prizes including a new in box electric stick plane complete and also batteries and several other prizes. For the attending women there will be a \$25, \$15, and \$10 free raffle for the women. This may very well be the best raffle the club has every held. Members are asked to bring a dish or desert to pass around if at possible.

We are going to try to get "Turbine Tom" to come out to the picnic. He has the only "go cart" in the world with 2 jet engines. He may not be able to drive it but perhaps some pictures can be taken with club members behind the wheel or perhaps some of the future fliers (children).

Don't forget to check the schedule for future events after the picnic.

Old Business

We all want to thank the Goodales for the great job they did cooking at the July event.

Gary Allen still had a lot of WildCat 2/4 stroke 15% glow fuel for sale at a very reasonable price.

New Business

One of the members that we haven't seen much of for the past couple years has been showing up at the field lately. We are always happy to see long time friends back in action. Welcome back Mike Johnson!

Club Web Site

www.lakecountyrccclub.org

New Members

We had one new member this month. Welcome Ed Barnas. Ed was active with the club several years ago and is currently learning how to fly helicopters.

Show and Tell

No show and tell this month.

Meeting Close

Keith Bradley closed the meeting.

Recording Secretary.

Bill Lewis

LCRCC Annual Picnic

The weather was clear and hot but inspite of the heat, the picnic was a great success, a lot of flying and eating. Thanks to Buzz Paricka and Keith Bradley, I have some great pictures for this edition of the FlyPaper. E-mail recipients will see them all in color. Those that still get it by snail-mail will see page two in black & white.

More pictures coming soon at www.lakecountyrclub.org

**NEXT MEETING - SEPT. 6TH,
2007 7:15PM AT CORKY'S**
