AMA CHARTER CLUB #777

lcrccoffice@db3broadband.com

The Annual New Year's Day Fly-In Returns to LCRCC!

After several years without shelter, the new Tractor Shed affords us the opportunity to bring back the time honored tradition of frozen eyebrows and frost bitten fingers. Put on the skis or floats and join us at the flying field for the chilli and the fun on New Year's Day!

Minutes for LCRCC Meeting December 6, 2007

The meeting was opened by Keith Bradley in the basement of Corky's at approximately 7:15 pm.

Field Officer Report

Bill Brown says that the field is white and cold.

Safety Officer Report

Be careful not to fall on the ice or snow at the field.

Treasurer's Report

Steve Yeaton gave the treasurer's report which is posted in the Fly Paper.

Events Director

No more events this year but check out a possible New Year's Day Event on Jan. 1, 2008 in the "New Business" section.

Old Business

Keith Bradley is going to send the letter that we authored for future projects to the Forest Preserve.

The club held officer nominations and held a vote by ballot. All positions were filled and the results are posted here in the "Fly Paper".

New Business

No more events this year but Dick Hultz is trying to put together a chili cookout and some heat in the tractor shed for a January 1st 2008 event. So far it looks like

one of our newer members, Bob Purcell, has volunteered to cook up some chili for the event. Hopefully we will have weather that will be kind to us so we can hold this event. We are going to try to pull the tractor out of the tractor shed and put some heat inside along with the chili that Bob is going to make. We are also going to try to put some Visqueen over the garage door to let in some light and help keep out the cold. We might need someone to plow the road up to the field. This is the first time a New Year's Day Event has been tried at this field so the planning is on going.

Show and Tell

We were fortunate to have 2 members bring show and tell items this month.

Keith Storrs brought a new plane from Horizon called the "Tango". The plane has not been maiden yet. It is a high winged airplane with very large control surfaces. Keith installed a YS 63 four stroke engine in it for power. Keith also gave some information on the new JR 9303 2.4 Ghz radios.

New LCRCC officers for 2008

President	Dick Hultz
Vice President/Safety Officer	Keith Storrs
Secretary	Ray Nowak
Treasurer	Steve Yeaton
Field Director	Bill Lewis
Events Director	Glenn Learnahan

Club Web Site
www.lakecountyrccclub.org

Rob brought in 2 glow powered helicopters for show and tell. He did a great job explaining the different mechanical setups in each along with the different servos.

Thanks guys for your entertaining and educational show and tells.

Meeting Close

Keith Bradley closed the meeting.

Recording Secretary

Bill Lewis
