

LAKE COUNTY ILLINOIS RADIO CONTROL CLUB

October 2007

Editor : Steve Yeaton 847-356-8130

AMA CHARTER CLUB #777

lcrccoffice@db3broadband.com

Nominations for club offices are open!

Please consider serving your club by running for office!

Minutes for LCRCC Meeting October 4, 2007

The meeting was opened by Keith Bradley in the basement of Corky's at approximately 7:15 pm.

Field Officer Report

Bill Brown says the grass is green and only needs cutting every week and a half due to the fall weather.

Safety Officer Report

Nothing new to report this month.

Treasurer's Report

Steve Yeaton gave the treasurer's report which is posted in the Fly Paper.

Events Director

Don't forget the Oddity Aircraft Day Event on October 7th. The club will have refreshments available around noontime. Gary Allen has volunteered to do the cooking for this event.

Old Business

Richard Ehnert, one of our long time members passed away this month. He has been active in the club for many years. He worked for at least 6 years helping to maintain the grass field at the 9th Street flying field along with Ray Nowak. The president of the club had everyone stand for a minute of silence in remembrance of Richard (Dick). The club donated \$100 to a fund being collected to have a banner hung in the YMCA with his name on it. He was an active member and spent a lot of time there. If anyone would like to contribute please notify one of the club officers and we will get the information needed to you. Several of our club officers and members attended his memorial service and Keith

Bradley gave a brief talk to let people attending the memorial know about his club affiliation and how he will be missed by club members. He will be sadly missed by all.

It was brought up by Dave Harrington that getting the Forest Preserve Flying Permit by way of the internet may not be a good idea. He has had problems receiving the permit in the mail after applying via the internet and Dave also has heard that he is not the only person having this problem. It was suggested that perhaps the best way to get the permit is to go to the office in person to pick it up. It only takes a few minutes. It's located just north of Buckley Road on the east side of highway 21.

New Business

NOMINATIONS FOR ALL CLUB OFFICER POSITIONS WILL BE OPEN IN NOVEMBER. If you would like to serve the club by becoming an officer or if you know of someone that is interested in becoming a club officer please talk to this person about it and attend the November meeting so you or he can be made known and nominated. PLEASE GIVE SERIOUS THOUGHT ABOUT HELPING YOUR CLUB BY BECOMING AND OFFICER. WE NEED YOUR HELP!!!

Keith Bradley is going to put together a "wish list" which will be turned into the Lake County Forest Preserve. This is a list that the club would like the Forest Preserve to consider for projects at our field. Among the projects we would like considered are a concrete pad in the picnic table area and a shelter over it and a concrete apron attached to the existing shed

Club Web Site

www.lakecountyrccclub.org

to make it easier to get the tractor and roller in and out of it and some sort of toilet close to the field instead of having to walk way over to the boy scout area.

Dick Hultz contacted the Forest Preserve and asked for a 3rd trash can at the field and a few days later the 3rd trash can was delivered.

New Members

Geary Gaspord	Highland Park
Andre Paret	Kenosha
Jim Spice	Beach Park

Show and Tell

Ed Barnas brought in a white shelving board with several perpendicular lines painted on it. When strapping your model onto some foam and onto the board these lines can be used to check your models alignment for wings being square on the model or rudder or incidence. The total cost for this item is about \$7.00. Thanks for the information, Ed!

Meeting Close

Keith Bradley closed the meeting.

Recording Secretary

Bill Lewis

For Sale
