Minutes for LCRCC Meeting April 3, 2008

Minutes are a little short this month due to a "malfunction" of the recording equipment, ed.

The meeting was called to order by Steve Yeaton in the basement of Corky's at approximately 7:15 PM. Dick Hultz was on his way to Toledo.

Field Officer's Report

Bill Lewis says the field is in good shape. The pit area is a little muddy, but otherwise, in good shape. The picnic tables are in the parking area, due to the mud.

Treasurer's Report

Steve Yeaton gave the treasurer's report which is posted in the Fly Paper.

Events Director

Steve presented a tentative events schedule. Glenn Learnahan was not at the meeting.

Old Business

There is no additional news from the FPD relative to our request for a concrete ramp at the front of the garage, or the spectator area.

Club Web Site

www.lakecountyncclub.org

Old Business cont.

Because the area we use is classed as 'Special Use' the FPD will not plow the access road during the winter.

Steve showed a flyer from the Naperville Model Club, telling of their WW1 model event.

Buy-Sell-Articles of Interest

Ed Dodich brought in some foam sheets which were donated to the club.

Dave Jones has a RealFlight G4 Simulator for sale. See ad below.

New Members

Russ Scott was welcomed as a returning new member.

Show and Tell

Bob Wiley gave a lengthy talk on a new design helicopter he is evaluating for a local company. They have the vertical CG relocated to improve 3D performance.

John Russell brought an indoor model, weighing 2.8 ounces. (I think I have that right). Made from foam and covered with colored Saran Wrap. It had no wheels, it is so light.

Meeting Close

Steve Yeaton closed the meeting at approximately 7:50 PM..

Recording Secretary

Ray Nowak

**FOR SALE—Half Price Flight Simulator
For the very few who fly mode one.
I have a brand new (box is still sealed).
RealFlight G4 with a Mode 1 Interlink Controller.

UPDATE EXTRA!

From Field Director, Bill Lewis, 4/21/2008:

Dick Hultz and I worked on the field today and Bob Purcell came out to help also. The field is looking pretty good. The field has been rolled twice and the grass in the picnic table area has been cut. The tables have been set up. The grass in the pit area, the grass buffer and all fence area has been cut and trimmed. The gravel in the grass from the snow plowing has been raked and picked up also. The flying field grass will probably get cut this Thursday.

The forest preserve has been working on the shed apron. It has been dug out and formed and is waiting for the concrete. This last Sunday was very busy at the field. You are all missing out on some decent flying weather... Not too hot... Not too cold... Breezy but no mosquitoes.

**LOOKING FOR A FUN WAY
TO SERVE THE CLUB?**
