Editor : Steve Yeaton 847-356-8130

Note: New Email address for the FlyPaper and other club business: lcrcc@att.net

Minutes for LCRCC Meeting March 6, 2008

The meeting was called to order by Dick Hultz in the basement of Corky's at approximately 7:15 pm.

Field Officer's Report

Bill Lewis says nothing much to report until spring. The field is white, and pretty much iced over.

Safety Officer's Report

Not much to report since there is no flying activity.

Treasurer's Report

Steve Yeaton gave the treasurer's report which is posted in the Fly Paper.

Events Director

Glenn Learnahan was not in attendance for this meeting. However, Dick Hultz wants to get something scheduled soon, since the first event will be in May. The floor was opened for possible suggestions of what different members might like to have. Gary Allen refreshed our memories about endurance flights. These were somewhat popular at our 9th Street field.

Old Business

Dick Hultz is still looking for cooks for the monthly summer events. If food is desired, someone would have to prepare it. The charcoal, lighter, and utensils are all in the garage. So far, Sam Brown, Chuck Brzezicki, and Dick Hultz had volunteered. After some discussion, Ray Zinkowski, Keith Storrs, and Ed Barnas also volunteered. Bill Lewis announced that he has the soda.

New Business

Dick Hultz, Steve Yeaton, and Ray Nowak met with Tom Morgenson of the Forest Preserve District. Tom said there would be no problem with pouring an apron in front of the garage. The dirt has settled somewhat, and there is fear of ruining the edge of the garage floor with the roller. Tom also said he thinks they might be able to pour a pad for a Porta-Potty either on the south side or the west side of the garage. We think the south side might be better. The Forest Preserve District will not furnish the Porta-Potty, or pump it out. Their systems are pumped only 2 or 3 times a year. We would need every other week in the summer.

Gary Allen said he would look into the cost of buying our own Porta-Potty, or leasing one. Also what it would cost us to have it serviced. John Russell suggested looking into two potties. His and hers, on the basis some of the ladies prefer it that way.

There is a possibility of them concreting the spectator area. There will be no shelter this year but we need to keep the request in front of them and, who knows? It may come to pass.

Tom mentioned they are very happy with what we are doing at the field. There have been no complaints.

Sunday, March 9th starts Daylight Saving Time, and we should be able to restart Tues. Fright Night possibly towards the end of April.

Airplane Humor from the Internet?

United Flight Attendant announced, "People, people we're not picking out furniture here, find a seat and get in it!"

On landing, the stewardess said, "Please be sure to take all of your belongings. If you're going to leave anything, please make sure it's something we'd like to have."

"There may be 50 ways to leave your lover, but there are only 4 ways out of this airplane"

An airline pilot wrote that on this particular flight he had hammered his ship into the runway really hard. The airline had a policy which required the first officer to stand at the door while the Passengers exited, smile, and give them a "Thanks for flying our airline." He said that, in light of his bad landing, he had a hard time looking the passengers in the eye, thinking that someone would have a smart comment. Finally everyone had gotten off except for a little old lady walking with a cane. She said, "Sir, do you mind if I ask you a question?" "Why, no, Ma'am," said the pilot. "What is it?" The little old lady said, "Did we land, or were we shot down?"

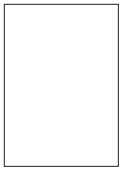

As the plane landed and was coming to a stop at Ronald Reagan, a lone voice came over the loudspeaker: "Whoa, big fella, WHOA!"

After a particularly rough landing during thunderstorms in Memphis, a flight attendant on a Northwest flight announced, "Please take care when opening the overhead compartments because sure as hell everything has shifted after a landing like that."

Another flight attendant's comment on a less than perfect landing: "We ask you to please remain seated as Captain Kangaroo bounces us to the terminal."

Overheard on an American Airlines flight into Amarillo, Texas, on a particularly windy and bumpy day: During the final approach, the Captain was really having to fight it. After an extremely hard landing, the Flight Attendant said, "Ladies and Gentlemen, welcome to Amarillo. Please remain in your seats with your seat belts fastened while the Captain taxis what's left of our airplane to the gate!"

**NEXT MEETING - APRIL 3RD,
2008 7:15PM AT CORKY'S**
