## Warbird & Yak Day

Photo by Steve Yeaton

**This was about the only thing flying!**

Not totally true. There were a few brave pilots that ventured into the air but their flights were very exciting!

**New meeting location - See Inside!**

## Minutes for the LCRCC Meeting, June 3, 2010

The meeting was called to order by Pres. Dick Hultz, in the back room of Corky's Pub at 7:15PM. 19 members present.

### Meeting Minutes

Dick accepted the minutes as posted in the "Flypaper"

### Treasurer's Report

Was read and approved.

### Field Officer's Report

Field has been mowed and is ready for this month's event. The new grass is coming in nicely. The Umbrellas have been placed out at the flying areas, please be sure to close them up after you use them. Bill also reported that there is a problem with one of the small mowers. The club is looking for a donation of a replacement (push mower)

### Safety Officer's Report

No problems have been reported.

### Events Director

No Report.

### Old Business

Thanks to Bill Rago (and friend) for cooking @ Bipe day. The Boy Scout event went well. Good attendance from the scouts and help from club members.

Dick is still looking for a "Chef" to work the Oct. Event. The LCFPhas decided against the One Day permit for flying at the field.

The new field addition was re-seeded and with a motion from Steve Yeaton and second by Bill Brown it was unanimously approved to reimburse Dick for the cost of supplies.

Steve announced the names of several new members to the club. Pat's (porta-potty) has been set up as an "Autopay" account by Steve. Corporation Annual Report has been sent to the state.

### New Business

Steve is requesting pictures to be incorporated into the flypaper. Steve stated that he, Bill Lewis and Dick Hultz measured the field and will send out a picture (Overlay) with dimensions.

Starting in November, only pictures of Steve and his planes

will be in the "Flypaper" unless someone else wishes to take over and as of March he will no longer be the editor. We need a new person to do this or there will not be a newsletter.

Dick asked that someone take over the duties as club "sympathy director" and Terry Peterson volunteered to be responsible for sending cards or flowers as appropriate when members are ill or pass away.

The forest preserve is going to start including the name and AMA number to the permits, and they have turned over the decision to expand the parking area to the rangers. The rangers will observe the parking situation and report to the board.

John Russell reported that the radio system for the little biplane (4Site) is more expensive than buying the whole airplane. Greenfield will sell the airplane for less money than the receiver board, motor and speed control.

Jim Spice reported about the Chinese moratorium on Lipo battery air shipments (your Hobby King, etc. batteries over a certain size may take up to 46-60 days to get shipped.)

Visitors Adam and Joe from the scout troop presented the club with an appreciation plaque for our participation in the "Scout Day" event.

Dick announced that Bill Gilbert had passed away and he sent a condolence card in behalf of the club.

The folks at Corky's came in and told us all that they are closing the bar. (Sec. note: our next meeting will be held at the Zion Public Library. If you haven't received a notice or need directions contact one of the club officers. By the way, "Thanks Corky for the use of your place for all these years!!!"

### Meeting Close

On a motion /second and voice vote, the Meeting was closed by Dick at 8:00PM.

Recording Secretary

Jim Spice

---

**Break out those digital cameras. Let's see what you can catch at the field. Just email it to me and I'll print anything (Well, nearly anything until November)! Ed.**
