## Minutes for the LCRCC Meeting, May 6, 2010

Dick accepted the April minutes as posted in the "Flypaper"

### Treasure's Report

Was presented by Steve Yeaton

### Field Officer's Report

The 100' extension of the field is seeded and is beginning to grow. The field is in good shape and has been rolled at least once by Russ Scott.

### Safety Officer's Report

With the exception of some pilots flying from the west field pits instead of the flight line when alone, no other violations were reported.

### Old Business

The entrance gate has been lubricated by Forest Preserve Personnel and works effortlessly. Take caution when operating the gate as it is very easy to swing. We will continue asking for a parking lot expansion; however it's doubtful this will happen this season due to limited Forest Preserve funding. We still need a cook for the Oct. event. Contact Dick Hultz to Volunteer.

### New Business

The Forest Preserve proposed providing a one day guest permit form for an AMA pilot for \$5.00 allowing him/her to legally use our field. The pilot would be required to display the temporary pass on the frequency board. (Late news from the Forest Preserve Board. They have rejected the proposal due to costs involved in constructing the envelope box and ranger pick-ups. *Ed.*)

### Show and Tell

Rob Wiley brought an A123 charge adapter which will convert any LIPO capable charger to A123 compatibility for around \$30.00.

### Meeting Close

On a motion/second and voice vote, the meeting was closed by Dick at 8:25PM.

Temporary Secretary

Bill Rago

**Editor's note: I am still looking for someone to take over the FlyPaper or Web Site! Contact Steve Yeaton, Editor LCRCC@ATT.NET**
