## A Wet, Cold, & Windy Nonevent!

**Does Mother Nature have a grudge against model airplanes?**

**For the second month in a row our fun fly day was blown away by rain and high winds.**

**Needless to say the day was a bust!**

**Hopefully June 5<sup>th</sup> will be better; speaking of June 5<sup>th</sup> as of now we do not have a cook for this event! If no one steps forward no food will be provided. If you would like to cook minimal supplies are needed as I have most of the ingredients required due to the May event not taking place. Please call or email me at [recumbentmister@gmail.com](mailto:recumbentmister@gmail.com) if you are interested in cooking.**

---

**June 5th. Is Warbird & ? day  
We need a cook for this event!**

## Minutes for the LCRCC Meeting, May 5 2011

The Monthly meeting of the LCRCC was held in the Zion Public Library.

Dick Hultz called the meeting to order at 7:16 with 17 members and 2 guests present.

### Secretary report:

The previous months minutes were accepted as printed in the "Flypaper"

### Treasurers Report:

The treasurer's report was presented by Steve Yeaton, and accepted as read.

### Field officer report:

Bill Lewis made a report on field conditions and said he had rolled the field twice. There was work being performed on the mower deck but the field should be mowed soon. (In time for our next Fun Fly).

### Safety Report:

John Russell reported there have been no incidents reported, but he had some concerns about the noise level being created by some of the 20CC gas engines.

### Events Director:

Bill Rago commented that the season opener was "Blustery and fun". Also Bill informed us that the Pop acquisitions have been taken over by Dave Harrington for future events. He is still looking for volunteer cooks to work the June and October events...Remember fellas, no cook, No FOOD!.....

Thanks to Chuck Brzezicki For providing the donuts and Bill Rago for the coffee at our season opener.

### Old Business:

No Old business

### New Business:

Dick introduced the Youth Pastor Joshua Gilmore, from the Winthrop Harbor First Baptist Church. He was at the meeting to invite our club to participate in his Church's Fun Fair. This will be held on June 11<sup>th</sup> from 10am-2pm. He is looking to have any of the members display some R/C Airplanes and Helicopters at the event.

Dick commented on how this would be a great opportunity for our club to get out in the community and present our hobby. The Church (and the Event) is located on 9<sup>th</sup> Street in Winthrop Harbor, approximately ½ mile west of Sheridan Road on the south side of the street.

Two Umbrellas were purchased by Dick for \$80 each and John Russell provided two used ones for the club. We now have 4 spares in the event that some damage should occur to the ones being used at the field.

A special Thank You was brought up for Bill Lewis. He has been providing the Soda Pop for our events for years... Thank You Bill!

### Show and Tell

There was no Show and Tell

There were two proposed New Members; Ray Cook & Keith Grodt.

On a motion, second, and voice vote, the meeting was adjourned at 7:45pm.

Jim Spice

## sUAS Rulemaking Updates

On May 12th representatives of FAA's Unmanned Aircraft Program Office (UAPO) attended the Joe Nall fly-in at the Triple Tree Aerodrome and met with the attendees at the AMA annual meeting. For the most part they appeared very impressed with the professional manner in which the event was conducted and the level of safety achieved at the various venues and concurrent MA operations.

Thursday evening the FAA representatives provided a briefing on the status of the sUAS rulemaking process similar to the briefing presented during the AMA Expo in January. The information was very much the same and the sUAS rulemaking continues to be a work in progress. In an update on the Notice of Proposed Rulemaking (NPRM) timeline it was announced that the NPRM release date has slipped to late Fall 2011. The previously projected date of September 1st has now moved to late November or early December. Optimistically the NPRM release could come before Thanksgiving, but if not, it would not be surprising to see the date slip into the New Year.

**-Rich Hanson, AMA Government Relations and Regulatory Affairs Representative**

June 5th is Warbird & ? day, so far we don't have a cook for this event! If you would like to volunteer to sling food for this event contact **Bill Rago** [recumbentmister@gmail.com](mailto:recumbentmister@gmail.com) I have most of the nonperishable food in my freezer from the May 15 bad weather day. Only bread products and tomatoes are needed.

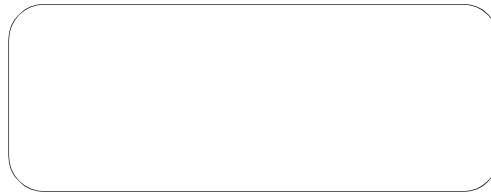

**Thank you Dave Harrington for taking the former task of providing soft drinks/water for future events!**

**We need cooks for June, & October scheduled events - once again if no one**

**no food will be provided!**
